<sup>1</sup>Weekly death benefits are computed as percentages of the average weekly wage of the deceased worker, **not to exceed the state's average weekly wage**. This chart is only a guide and benefit amounts may vary based upon the average weekly wage of the deceased. The Workers' Compensation Commission determined on 10/18/19 that 85A O.S. §2(24) requires that the effective date of the average weekly wage is January 1 of the year following the determination of the rate by the Oklahoma Employment Security Commission, rather than November 1 of the current year. For example, the rate for 2019 becomes effective January 1, 2019, rather than November 1, 2018.

For compensation to alien nonresidents, see 85A O.S. §11.
